## Breastfeeding facilities for visitors to the Workplace Relations Commission (WRC).

The WRC provides facilities and the support necessary to enable mothers to breastfeed or express when visiting WRC offices.

### Facilities for visitors to the office locations of the WRC.

A clean private room with a power point, fridge, lockable door, comfortable chair, table, and a storage area for breast pump and sterilising equipment are provided at our Lansdowne House and Cork office locations in publicly accessible areas. Hand-washing facilities are available nearby at all locations.

At our Ennis, Sligo and Carlow locations, arrangements can be made to access facilities located in our staff-only restricted area, as required.

Use of these facilities at all locations is co-ordinated via the WRC reception desk to ensure availability, cleanliness and privacy for users.

### Further Information

Visitors to all WRC locations requiring the use of Breastfeeding facilities should email [wrcservicedesk@workplacerelements.ie](mailto:wrcservicedesk@workplacerelements.ie) or call (01) 6136700 ideally 48 hours in advance of their visit to request the use of the facilities. Such requests will be accommodated subject to availability.
